

Streaming Media Space Request

Date: _____

This form is to request network file space to provide publicly accessible streaming media content. Except faculty, your organization or department must have a Stevens website to host streaming media. If you don't already have a Stevens website, please also complete the form at www.stevens.edu/it/forms/pdf/webrqst.pdf. Faculty may request space for streaming media that is not associated with a particular Stevens website. Once approved, a directory will be created that will be writeable by the website authors, or the faculty member.

Your Name: _____

Your Stevens Username: _____

Existing website URL: **www.stevens.edu/**_____

(website not required for faculty)
